

Tim Rauser

Board Qualifications & Experience

Montana Rural Water Systems is a great organization that has helped me out many times in the 24 years that I have been working for the City of Townsend. Especially in 2003 when I became a manager and they helped me with all the water testing and filling out DMR's. I have been on the board of directors for 3 years and have learned a lot. I would like to serve a second term on the board because I truly believe in the organization and would like to do my part to help MRWS and the water & wastewater systems of Montana. Since I became an operator in 1996, I have faced many challenges and have been involved in several major water and wastewater projects. One of my greatest achievements was in 2013 when I was honored to receive the MRWS Manager of the Year Award. I feel that my experience and my common-sense approach to solving issues makes me well suited to serve on the board. MRWS has been helping the systems of Montana for 40 years and I would like to continue serving on the board to do my part to make sure the organization stay on track to be stound for another 40 years. I am asking for your vote so I can continue to serve on the MRWS board as a representative from Region 6.

Sincerely,

Tim Rauser
