ABOUT OUR SPEAKER:

Justin Ward graduated from Eastern Washington University, with a Bachelor in Communications, in June of 2014. He then got hired by Mueller Co as a Junior Sales Representative. Once hired, he moved to Decatur IL and traveled the country. The Mueller Training Van gives comprehensive training classes to Municipal employees covering all of Mueller's many products. In March of 2015, Justin was promoted to Territory Manager in Territory 98 for Mueller (West Texas). After 16 months in Abilene TX he was transferred up to Spokane to take over as the Territory Manager for Territory 37 in August of 2016 (Eastern Washington, Idaho, Montana).

About This Training Session:

This class will be a 4 hour class with two 15 minute breaks. We will be covering things such as safety and proper set up of a CL12 Drilling machine as well as a B101 direct tap machine. After each machine is set up we will be going over what can go wrong and how to avoid that from happening. We will be doing a live tap once everyone is on board. Parts and pieces maintenance and how to choose the correct cutter for both machines will be a portion of the class as well. This is a good overview class of large and small diameter taps while getting some hands on experience tapping in a safe controlled environment.
