

# *MRWS Distinguished Service Award:*

## *Rob Moog*

For the past 15 years, **Rob Moog** has been a steady support and integral part of the MRWS Board. He has been engaged with many aspects of the working parts of MRWS, including the transition of new Board members, expansion of staff, relocation of the corporate office and reviewing and updating governing and policy manuals.

Rob Moog joined the Montana Rural Water Systems Board in 2004 when he replaced Jim Coffman who had resigned due to health reasons. Rob was elected to the MRWS Board the next year and was also elected as Board Secretary. He continued to fulfill the Board Secretary duties for the next 5 terms (15 years) of his service to MRWS.

Rob resigned from the MRWS Board in 2020 but continues to stay involved in the rural water community as a board member of the Hill County Water District. Rob commented that he considers it an honor to have served the MRWS membership that elected him. He continued to add that he was grateful for the benefits of being a MRWS member, the MRWS family, the close friendships with Montana operators, members, trainers locally and nationally and the National Rural Water family.

The Board and staff of MRWS would like to thank Rob for his generous service and are honored to award him the “Distinguished Service Award”.
