

MRWS

525 Central Avenue M6

Great Falls, MT. 59401

February 27, 2023

MRWS Board of Directors,

Once again, I would like to apply for the board member position with Montana Rural Water Systems, Inc.

I've been a water and sewer operator in Cascade for 33 years. I've been a MRWS board member for six years. As an operator, MRWS has helped both the Town and me with training, staying current with rules and regulations, and being in compliance with our rates.

Being a board member has been a great experience. MRWS has a great team of employees and I would like to continue working with all of you. I'm currently on the Building Committee for the new training center, which is a very important need to all Montana water and wastewater operators.

Thank you for your consideration.

Sincerely,

Joe Voss - PWD

Town of Cascade
