EXECUTIVE DIRECTOR'S LETTER

JOHN W. CAMDEN
Executive Director

TO OUR VALUED MEMBERSHIP!

In this directory, you will find membership info for all voting members, contact info for associate members (vendors) as well as contacts for our federal and state legislators, and state agencies.

Montana Rural Water Systems (MRWS) is happy to provide you with the *2024 Membership Directory*. This is the fifth year of offering a free copy to each member of the Association. MRWS appreciates all the associate members who have chosen to advertise in this edition and thank you for your continued support. We hope you find this opportunity for advertising in addition to our website and bi-yearly magazine helpful. We are hopeful that having this handy reference guide in the hands of all the operators and others in the state will meet their needs.

Please feel free to call our office with any questions and suggestions by emailing the office at [MTRuralWater@mrws.org](mailto:MT RuralWater@mrws.org).

We would like to hear from you.

Thanks!

By John W. Camden
Executive Director

NEW CONCERTOR[®] PUMPING SYSTEM WITH INTEGRATED INTELLIGENCE

WORLD'S FIRST WASTEWATER PUMPING SYSTEM WITH INTEGRATED INTELLIGENCE

This revolutionary system delivers optimal performance while reducing your total cost of ownership. It also offers unparalleled flexibility and simplicity on a whole new level. You might even say it thinks for itself. We invite you to enter a new era in wastewater pumping with Flygt Concertor.

One powerful solution. Unlimited possibilities.

MRWS Mission

“To provide quality services for members systems to enable them to produce the best product with their available resources”

Our Task

“Provide training and technical assistance to specialist running systems for Drinking Water, Wastewater, and Tribal”

MRWS provides:

- Technical assistance for water and wastewater utilities
- Classroom training throughout Montana
- Rate structuring to pay for O&M, infrastructure and upgrades
- Water and wastewater regulatory updates
- Updates to systems' VA/ERP vulnerability assessments and emergency response plans
- Approved Apprenticeship Program

Member Benefits

1. Access to 20+ training sessions throughout the year based on input from our membership on what their needs are. This also includes a reduced attendance fee at our Annual Conference.
 - A. ServLine – is insurance available to member utilities that protects both the utility and its customers from the financial impact of water loss and replaces or repairs water and sewer lines with no deductible.
 - B. Rural Water Impact – assists membership with website development and hosting.
2. Our field staff travels the state year-round providing guidance and technical assistance. We also offer help with leak detection, rate structuring, and emergency response planning, source water protection, sludge judges, thermal imaging, and fee-based training.
3. Access to technical assistance library and technical and testing equipment for loan.
4. Bi-annual news magazine to keep membership informed of developments in regulations, financing, federal guidelines, operational techniques, and MRWS activities.
5. Legislative representation on both the State and Federal levels.
6. On-site technical assistance and training, including certification review sessions.
7. Assistance with disaster response and planning.
8. Job postings on our website.
9. Affinity programs through NRWA -

ABOUT MRWS

C. Rural Water Loan Fund – Established through a grant from USDA/RD to help meet the needs of small water and wastewater utilities including: Planning costs of infrastructure projects, replacing equipment, system upgrades, maintenance and small capital projects, energy efficiency to lower costs and improve sustainability, disaster recovery or other emergency loans are also available.

- State of Montana
 - Department of Natural Resources and Conservation
- System Membership
- Associate Membership

Collaboration

In addition to Montana’s water and wastewater systems, MRWS works with:

- EPA and DEQ
- State funding agencies
- Rural Development
- State, regional, and national suppliers
- Engineers and consultants

Funding

MRWS is funded by:

- National Rural Water Association
 - EPA
 - USDA/Rural Development
 - USDA/Farm Service Agency

EVERYTHING BEGINS **WITH A CONNECTION**

Professionals You Need, People You Trust.

Our business is about connections. We connect people to water, communities to counties, and counties to the rest of the world. Engineering connects people and families. We focus on making, building, and repairing connections.

Strong relationships built on trust connect our team with clients, building lasting relationships that last beyond a project and stretch into decades. interstateeng.com

Trusted. Professional. Solutions.   

Small Communities.

BIG IMPACT.

Energy Laboratories understands our work affects the lives of families in many rural communities. Knowing that **trusting our data starts with trusting our people**, our team applies in-depth scientific knowledge, technical expertise, and an uncompromising commitment to integrity to every water sample we test. The results empower our clients to make their business decisions with confidence.

BIG EXPECTATIONS?

meet the Hydra Big!

The **HYDRA BIG Filtration System** is a point-of-entry, large sediment filtration reduction system for whole house applications with a patented self-cleaning design.

- This unique filter system automatically back washes from the center of the cartridge out when the drain valve is opened.
- The product line offers a proprietary stainless steel or polypropylene filter cartridge in 50- or 90-micron.
- Flow rates vary from 26 GPM to 60 GPM.
