

During times like these, it is easy for us to focus solely on the events surrounding us, and the uncertainty they bring.

So, in this **Thanksgiving month**, we are taking a step back and focusing on the things we are certain of and thankful for.

You...Our Members

We know it has been tough, but you have hung in there and adjusted right along with us.

You have been very patient and understanding, and have adapted to all the changes. for that we say, **"Thank You"**.

Our Staff and Board of Directors

These times have been tough on all of us too.
But our staff has risen to the challenge by providing
the best possible service every day.

Staff has worked tirelessly
to ensure your water and wastewater needs are met,
while taking the necessary steps to protect your health.

And our Management staff and Board continue
to address issues that arise, all while assuring
your system remains a top priority.

Office

Although our office never closed during the pandemic,
we are thankful for the opportunity to serve you then and now.

We invite you to contact us if you have questions
or need assistance with anything. You can visit our website at mrws.org
for contact information.

Thanks Again and

Happy Thanksgiving!

John W. Camden
Executive Director
