

Vote for me for re-election,

My name is Vincent Chappell. I have been a MRWA Board member since 2009. I am up for re-election and would like your support. I represent region 8.

I have been the manager for the Seeley Lake Water District for 21 years and I have been certified in Water, Sewer, and Distribution for 27 years. I also operate the Holland Lake Wastewater system and have been doing that for 20 years also. Before I moved to Seeley Lake, I was an operator and manager for Chinook Water Treatment Plant.

I would like to continue to help and be part of the MRWA Board. I believe in everything we do to help our communities in Montana. Please vote for me in the upcoming election.

Thank You!

Vincent Chappell

Manager

Seeley Lake Water District
